

# Flair II

The new Classic. Now lighter than ever.

*Hamburg, March 2010*

**The long awaited latest version of Flair, our long term universal luggage bestselling classic, has finally entered the arena.**

Travelite's development team has worked hard in creating a luggage collection that has remained unmistakably "Flair", but which is significantly lighter than its predecessor.

Flair II, now lighter than ever, has remained the universal luggage line for all, making it the ideal travel companion. Equipped with its unmistakable yellow identification trim you can enjoy Flair II luggage in expandable 2-wheel trolley format, as well as 4-wheel format. Additionally, get equipped with helpful accessories such as boardbags, beautycases, a shoebag or an XXL wheeled duffel.

Flair II is available from our partner retailers as of now. Available colours are black, red and navy.
